

“To provide an **environmentally focused** pest management service that exceeds customers' expectations”

Eco Pest Control is an innovative, South Australian company offering a **comprehensive range of products and services** designed to have maximum impact on target pest species, and **minimal impact on you, your family and the environment.**

OUR SERVICES

Environmental and health protection is our main focus when eliminating pests. Our carefully selected range of products, along with our application methods, are designed to cause no adverse health effects, particularly in sensitive situations when dealing with children, pets and conditions such as asthma. The products we select are fully registered and have been through extensive testing.

Our services include:

- Termite Inspections
- Installation and maintenance of Termite Baiting Systems
- Termite Control
- Pre Purchase Inspections
- Rodent Control
- Possum Control
- Cockroach Control
- Spider Control
- Bird Control
- Flea Control
- Ant Control
- Control of bees and wasps
- Stored Product Pests
- Silverfish
- Millipedes
- Bed Bugs

WHY CHOOSE ECO PEST CONTROL?

Due to a heightened awareness of damage to our planet caused by chemicals, and the rise of pests developing resistance to traditional methods, demand for our service has increased.

We are proud that we can provide safe, effective pest control methods which protect public health and property, minimise financial loss, reduce our environmental footprint and exceed our customers' expectations.

Servicing a wide variety of the community from domestic homes to large commercial and industrial sites we are committed to excellence within the pest control industry.

OUR EXPERIENCE

We have sourced highly trained and skilled individuals from various backgrounds in customer service and pest control research and development to ensure our clients receive service that is second to none.

OUR COMMITMENT

Eco Pest Controls constant evaluations of industry product standards allow our team to provide an innovative, quality assured service with environmental and health protection.

OUR GUARANTEE

It's fixed or it's free - all our services are given a guarantee period applicable to the pest. Ask our staff about your guarantee when booking your next service.

COMMERCIAL SERVICES

Eco Pest Control has developed and implemented pest management programs for a wide range of leading South Australian businesses. We understand the sensitive needs of pest control in a commercial environment and tailor make cost effective programs that will exceed industry regulations such as HACCP and AQIS. Our guarantee to provide you with the same fully licensed and trained technician will ensure that your premises remain pest free. This policy allows our technician to develop an awareness of your individual needs and guarantees emergency calls are responded to within 24 hours.

Pest infestations can not only cause health problems to your employees and clients but also can cause economic loss through damaged or soiled stock and equipment. Customer education is also a fundamental part of the service we provide. Technical advice is provided by our technicians to all our clients, this includes our procedure methods, chemicals used and expected outcomes. Material safety data sheets and handouts are available for any products or services used. We aim to give our customers complete confidence and protection for their business. We protect an extensive range of industries including:

- Restaurants / Cafes / Snackbars
- Bars / Hotels / Function Centres
- Motels / Hostels
- Shopping Centres / Malls / Supermarkets
- Warehousing / Storage Facilities
- Food Manufacturers / Processing Plants
- Hospitals
- Retirement Villages / Nursing Homes
- Schools / Childcare Centres
- Sporting Complexes
- Markets / Food Outlets

RESIDENTIAL SERVICES
